RESEARCH INTERESTS EDUCATION Machine learning, high-dimensional statistics, optimization, data mining.

Brigham Young University-Hawaii, HI

B.S. Mathematics, Computer Science

2014 - 2018

- Served as a vice president, then a president of Hong Kong Student Association to plan and organize activities from 2014 to 2016.
- Taught my thirty peers two lectures about difference equations as a substitute instructor.
- Minors: Information Systems, Information Technology
- Honors Thesis: An Evaluation of Blind Reconstruction Methods of the Dynamical Structure Functions
- Advisor: Vasu Chetty
- GPA: 4.0/4.0, Dean's List from 2014 to 2018

RESEARCH EXPERIENCE

Brigham Young University-Hawaii Institutional Research Group

Research Analyst Intern

Aug 2018 - Present

- Built pipelines to update Tableau Server workbooks automatically from Quartics surveys.
- Coordinated with the Enterprise Information System department at BYUH to build databases that can connect to analytical tools used by the institutional research group for real-time data analytics.
- Trained and supervised students workers on the data cleaning and visualization with R and Tableau.
- Planned and conducted research to assist with accreditation, university assessment, and President's Council inquiries.

Research Assistant Supervisor

Sept 2017 - Aug 2018

- Built a data dashboard from cleaning course evaluation survey data of the past 5 years in R to visualizing the data via Tableau for the school administration and faculty.
- Evaluated the redundancy of the graduating student survey questions by using factor analysis.
- Led a poster publication titled "How Meaningful Is Our Graduating Student Survey" to showcase how to better evaluate survey design.

Brigham Young University IDEA Lab

Researcher Intern

Jun - Aug 2017

- Research in Systems and Control Theory with applications in a variety of areas including social networks, natural language processing, and biological systems.
- Tasks involve developing code, modeling networks, analyzing simulations, developing theoretical results and writing research papers.
- Advisor: Sean Warnick

Updated: 08/21/2018, 1

SELECTED HONORS

Brigham Young University-Hawaii

2018
2018
2017 - 2018
2014 - 2018
2014 - 2018

Association for Computing Machinery

ACM/UPE Scholarship Award 2017

The National Society of Leadership and Success

Academic Excellence Scholarship 2017

PUBLICATIONS

K. Pulutu, K. Lee, Graduating Student Survey Revision: A student effort, California Association for Institutional Research, Garden Grove, CA, 2018.

K. Pulutu, **K. Lee**, T. Vallabh, Hong Ni M. and R. Ram, *How Meaningful is our Graduating Student Survey?*, Academic Resource Conference, Burlingame, CA, 2018.

V. Chetty, N. Woodbury, J. Brewer, **K. Lee** and S. Warnick, *Applying a Passive Network Reconstruction Technique to Twitter Data in Order to Identify Trend Setters*, IEEE Conference on Control Technology and Applications, Kohala Coast, HI, 2017.

Presentations

Meet Don, the Autonomous Dice Rolling Machine, Department of Mathematics, Brigham Young University-Hawaii. (April 2018)

An Evaluation of Blind Reconstruction Methods of the Dynamical Structure Functions, Department of Computer Science, Brigham Young University-Hawaii. (April 2018)

Projects

Predict Patient Inflow at Pali Momi Hospital's Emergency Room

- Applied machine learning to predict patient inflow at Pali Momi Hospital's Emergency Room (ER).
- Provided recommendations for how to optimize scheduling for their ER's doctors and mid-level providers.
- Duration: Apr-Jun 2018

Professional Affiliations

Phi Kappa Phi, Member	2015 - Present
The National Society of Leadership and Success, Member	2015 - Present
Association of Computing Machinery, Member	2016 - Present
Upsilon Pi Epsilon, Member	2016 - Present

Programming Languages

Proficient: Python, R, MATLAB, C# Familiar: C, C++, PHP, Ruby, Java
