## Kenneth Lee

CONTACT Information TVA#6117, 55-550 Naniloa Loop Laie, HI 96762

chinhong0513@go.byuh.edu https://kenneth-lee-ch.github.io

RESEARCH INTERESTS EDUCATION Machine learning, high-dimensional statistics, optimization, data mining.

## Brigham Young University-Hawaii, HI

B.S. Mathematics, Computer Science

2014 - 2018

- Minors: Information Systems, Information Technology
- Honors Thesis: An Evaluation of Blind Reconstruction Methods of the Dynamical Structure Functions
- Advisor: Vasu Chetty
- GPA: 4.0/4.0

## RESEARCH EXPERIENCE

## Brigham Young University-Hawaii Institutional Research Group

Research Analyst Intern

Aug 2018 - Present

- Built pipelines to update Tableau Server workbooks automatically from Quartics surveys.
- Coordinated with the Enterprise Information System department at BYUH to establish a data warehouse to facilitate institutional research.
- Trained and supervised students workers on the data cleaning and visualization with R and Tableau.
- Planned and conducted research to assist with accreditation, university assessment, and President's Council inquiries.

#### Research Assistant Supervisor

Sept 2017 - Jun 2018

- Built a data dashboard from cleaning course evaluation survey data of the past 5 years in R to visualizing the data via Tableau for the school administration and faculty.
- Evaluated the redundancy of the graduating student survey questions by using factor analysis.
- Led a poster publication titled "How Meaningful Is Our Graduating Student Survey" to showcase how to better evaluate survey design.

#### Brigham Young University IDEA Lab

Researcher Intern

Jun - Aug 2017

- Research in Systems and Control Theory with applications in a variety of areas including social networks, natural language processing, and biological systems.
- Tasks involve developing code, modeling networks, analyzing simulations, developing theoretical results and writing research papers.
- Advisor: Sean Warnick

#### Projects

## Predict Patient Inflow at Pali Momi Hospital's Emergency Room

- Applied machine learning to predict patient inflow at Pali Momi Hospital's Emergency Room (ER).
- Provided recommendations for how to optimize scheduling for their ER's doctors and mid-level providers.
- Duration: Apr-Jun 2018

Updated: 12/03/2018, 1

• Advisor: Cody Baldwin

# Understanding the resting behaviors of Trirectangular Tetrahedral and Triangular Prism Dice Rolls

- Trained a histogram of oriented gradients feature descriptor in Python to count dice rolls more efficiently by object detection.
- Configured a dice rolling machine to automate the process of dice rolling and reduce bias that may come from rolling dice by hands.
- Rewrote codes from MATLAB image processing toolbox to Python using OpenCV, scikit-image and dlib libraries.

Duration: 2017- PresentAdvisor: Paul Hurst

#### **PUBLICATIONS**

#### Conference Proceedings

V. Chetty, N. Woodbury, J. Brewer, **K. Lee** and S. Warnick, *Applying a Passive Network Reconstruction Technique to Twitter Data in Order to Identify Trend Setters*, IEEE Conference on Control Technology and Applications, Kohala Coast, HI, 2017.

#### Posters

K. Lee, K. Pulutu, Graduating Student Survey Revision: A student effort, California Association for Institutional Research, Garden Grove, CA, 2018.

K. Pulutu, K. Lee, T. Vallabh, Hong Ni M. and R. Ram, How Meaningful is our Graduating Student Survey?, Academic Resource Conference, Burlingame, CA, 2018.

#### Presentations

**K.** Lee, S. Fuluvaka, *Meet Don, the Autonomous Dice Rolling Machine*, Brigham Young University-Hawaii Undergraduate Research Conference, 2018.

**K.** Lee, An Evaluation of Blind Reconstruction Methods of the Dynamical Structure Functions, Senior Research Presentation, Department of Computer Science, Brigham Young University-Hawaii, 2018.

## SELECTED HONORS

## Brigham Young University-Hawaii

Computer and Information Science Overall Outstanding Graduate	2018
Undergraduate Research Best Oral Presentation Award	2018
Computer Science Alumni Scholarship	2017 - 2018
Mathematics Departmental Scholarship	2014 - 2018
Academic Merit Scholarship	2014 - 2018
University Dean's List	2014 - 2018
Hong Kong Student Association Leadership Certificate	2015 - 2016
BYUH Student Leadership Award	2015

## **Association for Computing Machinery**

ACM/UPE Scholarship Award 2
-----------------------------

## The National Society of Leadership and Success

Academic Excellence Scholarship 2017

Updated: 12/03/2018, 2

## Voluntary Experience

## Brigham Young University - Hawaii

Hong Kong Student Association President

2015 - 2016

- Increased the membership from 50+ to 100+ in one year.
- Led my association to perform on a stage in front of 3000+ audience at an annual event called *Culture Night* at BYUH.
- Organized 30+ small and large events such as *speed dating*, *food festival*, career and networking workshop for members.

Hong Kong Student Association Vice President

2014 - 2015

• Created a menu to earn profit \$1000+ from annual food festival event for the association in one night.

## The Church Of Jesus Christ of Latter-Day Saints

Full-Time Missionary

2012 - 2014

- Appointed to lead and provide training to groups of up to 30 other missionaries.
- Gained experience in interpersonal skills with a 70+ hour work week.

## TEACHING EXPERIENCE

## Brigham Young University - Hawaii

Computer Science Substitute Instructor

2017

• Taught my 30+ peers two lectures about difference equations.

Math Lab Tutor

2015 - 2016

• Provided tutoring services to classes of Calculus I, Calculus II, Multivariate calculus.

Professional Affiliations The National Society of Leadership and Success, Member Phi Kappa Phi, Member Association of Computing Machinery, Member Upsilon Pi Epsilon, Member 2017 - Present 2016 - Present

2016 - Present 2016 - Present

Programming Languages Proficient: Python, R, MATLAB, C# Familiar: C, C++, PHP, Ruby, Java

OTHER SKILLSETS

Tableau, AWS EC2, AWS Dynamodb, AWS S3

Updated: 12/03/2018, 3
