Kenneth Lee

CONTACT INFORMATION	TVA#6117, 55-550 Naniloa Loop Laie, HI 96762	chinhong0513@go.byuh.edu https://kenneth-lee-ch.github.io www.linkedin.com/in/chinhongkennethlee

RESEARCH
INTERESTS

Machine learning, high-dimensional statistics, casual inference, data mining, optimization.

EDUCATION

Brigham Young University—Hawaii

B.S. Mathematics, Computer Science   2014 - 2018

- Minors: Information Systems, Information Technology
- Honors Thesis: *An Evaluation of Blind Reconstruction Methods of the Dynamical Structure Functions*
- Advisor: Vasu Chetty
- GPA: 4.0/4.0

RESEARCH
EXPERIENCE

Brigham Young University—Hawaii Institutional Research

Research Analyst Intern   Aug 2018 - Present

- *Data Visualization:* Built pipelines to update Tableau Server workbooks automatically from Quartics surveys.
- *Database Management:* Coordinated with the Enterprise Information System department at BYUH to establish a data warehouse to facilitate institutional research.
- *Data Cleaning:* Trained and supervised students workers on the data cleaning and visualization with R and Tableau.
- *Consulting:* Leveraged 11-year data from enrollment, degree completion, freshman cohort, and curriculum to conduct retention study for BYU—Hawaii President's council.
- Status: Part-Time
- Working hours: 27 hours per week
- Supervisor: Kathy Pulotu

Research Assistant Supervisor   Sept 2017 - Jun 2018

- *Data Visualization:* Built a data dashboard from cleaning course evaluation survey data of the past 5 years in R to visualizing the data via Tableau for the school administration and faculty.
- *Statistical Analysis:* Evaluated the redundancy of the graduating student survey questions by using factor analysis.
- *Survey Design:* Led a poster publication titled *"How Meaningful Is Our Graduating Student Survey"* to showcase how to better evaluate survey design.
- Status: Part-Time
- Working hours: 19 hours per week
- Supervisor: Kathy Pulotu

Brigham Young University IDEA Lab

Researcher Intern   Jun - Aug 2017

- *Systems Theory:* Research in Systems and Control Theory with applications in a variety of areas including social networks, natural language processing, and biological systems.

- *Software Engineering:* Tasks involve developing code, modeling networks, analyzing simulations, developing theoretical results and writing research papers.
- Advisor: Sean Warnick
- Status: Full-Time
- Working hours: 40 hours per week

Projects **Predict Patient Inflow at Pali Momi Hospital's Emergency Room**

- *Machine Learning:* Applied quantile regression model to predict patient inflow at Pali Momi Hospital's Emergency Room (ER).
- *Consulting:* Provided recommendations for how to optimize scheduling for their ER's doctors and mid-level providers.
- Duration: Apr-Jun 2018
- Number of hours per week of effort: 2
- Advisor: Cody Baldwin

Understanding the resting behaviors of Trirectangular Tetrahedral and Triangular Prism Dice Rolls

- *Computer Vision:* Applied Faster-Recurrent Convolutional Neural Networks (R-CNN) in Python to count dice rolls more efficiently by object detection.
- *Robotics:* Configured a dice rolling machine from scratch to automate the process of dice rolling and reduce bias that may come from rolling dice by hand.
- *Software Engineering:* Rewrote codes from MATLAB image processing toolbox to Python using OpenCV, scikit-image and dlib libraries.
- Duration: 2017- Present
- Number of hours per week of effort: 3
- Advisor: Paul Hurst

Publications **Conference Proceedings**

V. Chetty, N. Woodbury, J. Brewer, **K. Lee** and S. Warnick, *Applying a Passive Network Reconstruction Technique to Twitter Data in Order to Identify Trend Setters*, IEEE Conference on Control Technology and Applications, Kohala Coast, HI, 2017.

Posters

K. Lee, K. Pulotu, *Graduating Student Survey Revision: A student effort*, California Association for Institutional Research, Garden Grove, CA, 2018.

K. Pulotu, **K. Lee**, T. Vallabh, Hong Ni M. and R. Ram, *How Meaningful is our Graduating Student Survey?*, Academic Resource Conference, Burlingame, CA, 2018.

Presentations **K. Lee**, S. Fuluvaka, *Meet Don, the Autonomous Dice Rolling Machine*, Brigham Young University-Hawaii Undergraduate Research Conference, 2018.

K. Lee, *An Evaluation of Blind Reconstruction Methods of the Dynamical Structure Functions*, Senior Research Presentation, Department of Computer Science, Brigham Young University-Hawaii, 2018.

SELECTED HONORS	**Brigham Young University—Hawaii**

Computer and Information Science Overall Outstanding Graduate **(Top 1 of the graduating class)**   2018

Undergraduate Research Best Oral Presentation Award **(1 out of 30 peer research teams)**   2018

Computer Science Alumni Scholarship **(Nominated by faculty)**   2017 - 2018

Mathematics Departmental Scholarship **(Nominated by faculty)**   2014 - 2018

Academic Merit Scholarship **(Top 5% of the school)**   2014 - 2018

University Dean's List **(Top 5% of the school)**   2014 - 2018

Hong Kong Student Association Leadership Certificate   2015 - 2016

BYUH Student Leadership Award   2015

Association for Computing Machinery

ACM/UPE Scholarship Award **(4 out of all the ACM student members)**   2017

The National Society of Leadership and Success

Academic Excellence Scholarship **(12 out of all the NSLS inducted members)**   2017

VOLUNTARY EXPERIENCE	**Brigham Young University—Hawaii**

Hong Kong Student Association President   2015 - 2016
- Increased the membership from 50+ to 100+ in one year.
- Led my association to perform on a stage in front of 3000+ audience at an annual event called *Culture Night* at BYUH.
- Organized 30+ small and large events such as *speed dating*, *food festival*, career and networking workshop for members.
- Status: Part-Time
- Working hours: 10 hours per week

Hong Kong Student Association Vice President   2014 - 2015
- Created a menu to earn profit $1000+ from annual *food festival* event for the association in one night.
- Status: Part-Time
- Working hours: 10 hours per week

The Church Of Jesus Christ of Latter-Day Saints

Missionary   2012 - 2014
- Appointed to lead and provide training to groups of up to 30 other missionaries.
- Gained experience in interpersonal skills by sharing the message of Jesus Christ via means of cold calls, street contacts, and visiting people in their homes.
- Status: Full-Time
- Working hours: 112 hours per week

TEACHING EXPERIENCE	**Brigham Young University—Hawaii**

Computer Science Substitute Instructor   2017
- Taught my 30+ peers two lectures about difference equations.

Math Lab Tutor   2015 - 2016
- Provided tutoring services to classes of Calculus I, Calculus II, Multivariate calculus.

Professional Affiliations	The National Society of Leadership and Success, Member	2017 - Present
	Phi Kappa Phi, Member	2016 - Present
	Association of Computing Machinery, Member	2016 - Present
	Upsilon Pi Epsilon, Member	2016 - Present

Certifications	Machine Learning by Stanford University, Coursera	Mar 2019
	Tableau Desktop Specialist, Tableau Software	Feb 2019

Skills	*Language:* English (Fluent), Cantonese (Native), Mandarin (Fluent)
	Programming Language: Python, R, MATLAB, SQL, C#, C, C++, PHP, Ruby, Java
	Framework: OpenCV, Scikit-learn, TensorFlow, Dlib, Pytorch
	Other: Tableau, AWS EC2, AWS Dynamodb, AWS S3
